

Ghost investigating is my passion. Always being interested in it since I was a child made it a part of my life. I have investigated hundreds of unusual happenings over the years and I have come to the conclusion that sometimes many different paranormal phenomena can overlap. Because of this I have made it a practice to study other kinds of reported paranormal phenomena, UFOlogy being one of them. The further into this subject I delved the more fascinating it became. I am now hooked on the study of UFOlogy.

I am one of the Illinois Assistant State Directors with MUFON (Mutual UFO Network) and I cover the south central and southern counties in Illinois. If you are interested in the subject and would like to become an active member in MUFON please contact me.

I need people who live in the south central and southern counties to help me investigate UFO activity. If you're interested in becoming a member please email me at djlowery@sbcglobal.net or call me at 217-414-4678. I will give you further information on how to proceed.

If you live in any of the northern or north central counties please contact me and I can guide you in how to become a member to help in those areas. The whole State of Illinois is looking for members.

If you have witnessed a UFO event please report it at www.mufon.com.
