**THE SPRINGFIELD GHOST SOCIETY**  
**TODAY!**

---

The **Springfield Ghost Society** is currently looking for new members to join in the search for evidence that ghosts really exist. The goals of the group are to seek out evidence that ghosts really exist, research ghost stories and ghost sightings and to conduct paranormal investigations into strange activity.

We are looking for people who want to have fun and yet have a thirst for knowledge and an interest in the unknown and the unexplained. We only ask for members with an open mind and who hold the idea that anything might be possible.

A membership in the **Springfield Ghost Society** guarantees that you will receive regular updates and mailings concerning ghosts hunting, reports on current investigations, and meeting information.

As a member of the **Springfield Ghost Society** I only ask that I be kept updated on any activity any member partakes in under the name of the **Springfield Ghost Society**.

There is a \$20.00 annual membership fee to join the **Springfield Ghost Society**. This is a non-profit organization and annual fees help cover expenses only.
